

OPEN CALL RESIDENCY PROGRAMME 2026

Kysy Fischer PROFANAS (Residency Programme 2025) / Photo: Óscar Barbosa

As part of the annual residency programme, groups of artists from the performing arts (with a focus on dance, performance and contemporary circus) can apply for a residency of up to two weeks at Schloss Bröllin.

WHEN?

The following periods are available for residencies: **June to September 2026.**

Please note: **No** stays are possible during the following period: 1–15 August 2026. The minimum stay is one week, the maximum two weeks.

WHAT DOES A RESIDENCY INCLUDE?

- Studio/workspace/outdoor space and provision of basic technical equipment (overview of space options [here](#)).
- Accommodation in single/double or shared rooms (due to capacity reasons, single room accommodation cannot be guaranteed).
- Meals provided by our estate kitchen (vegetarian full board) where possible, or alternatively, a self-catering kitchen can be provided by arrangement.
- A proportional travel allowance can be granted upon request (focus on green travel; use of low-emission means of transport for distances of less than 500 km).
- At the end of the residency, an open-format public presentation of the work results can be arranged in consultation with the group. Schloss Bröllin will take care of the advertising and organisation.

OPEN CALL RESIDENCY PROGRAMME 2026

WER?

The Open Call is aimed at **groups** from the **performing arts with a focus on dance, performance and contemporary circus**. A residency is particularly useful for coming together temporarily for a concentrated production phase. The residency programme is intended as production support and aimed at artists who are working on a new production or would like to revise a previous project with already secured third-party funding or still pending funding approval. However, given the current funding situation, we also invite artists/groups who are in a research or orientation phase without a funding commitment.

The applications will be evaluated by an independent jury of experts according to the following criteria:

- Artistic quality of the project
- Plausibility of the concept's implementation
- Professional prospects of the group/project
- A plausible answer to the question of why a residency at a place like Schloss Bröllin makes sense for the project would be of interest.
- Outreach activities and a connection to the Uecker-Randow region are welcome in order to further establish Schloss Bröllin as an open meeting and creative place for interaction between diverse neighbourhoods and generations.

GUIDELINES + NOTES

Please submit your application and all attachments electronically (in German or English). The application form can be found [here](#).

Please note: Online applications must be sent by **30 September 2025, 24:00** Central European Summer Time (CEST).

Comments or special requirements/needs*: We are constantly working to improve our accessibility, but due to the structural/architectural conditions of the estate, Schloss Bröllin is not a barrier-free location.

Other information: Only complete applications can be considered. All information will be treated confidentially and will be used exclusively in the funding context. After the selection process has been completed, all applicants will be notified of the jury's funding decisions. We will endeavour to announce the decision by the end of November 2025. If funding should be approved, the residency period will be jointly agreed upon and is binding. Any subsequent postponement may result in the loss of the funding commitment.
